

Anti-Ragging Committee

Our college maintains continuous vigilance to curb the activities of mischievous elements, if any, and help students to study and interact freely with other students and faculty in a peaceful atmosphere. The college has taken sufficient precautions as per AICTE norms to curb the barbarian act of ragging and has constituted a committee to address the concern of the fresh students joining the college. On receipt of complaints the committee will actively look into and solve the difficulties and/or harassment experienced by the students.
